Dear Amy,

Thank you for helping make our Healthy Kids Day 2008 a big success. Our two-hour event drew a record crowd compared to recent years. I hope that people stopped at your table to learn more about your services.

A number of people mentioned that they were impressed that we had practitioners at this year's event supporting our theme, healthy kids. We plan to hold other special events relating to health and fitness in the future and hope that you will consider joining us again.

Regards,
